Mod Manager Setup

Getting started with SBMM:

- Download SBMM from the official GitHub
- Configure workshop directory path
- Set up mod groups matching wave structure

First Mod Test

Test Mod is a QoL mod (v2024-01) available on the Steam Workshop. It has **no dependencies** and **no system impact**.

Install notes: Place in SBMM group 00-QoL-UI. No conflicts.

Major Overhaul Test

Frackin' Universe is a Mechanics mod (v2024-06).

Dependencies: xClient.

System impact: adds research tree, new biomes, crafting.

Install notes: LOAD FIRST in SBMM group 04-Mechanics. Requires xClient. Start new save.
